

MATTHEW 10:30

Find the Bible verse hidden in the puzzle below. The last letter of each word is next to the first letter of the word before it. You should be able to work through the twisted puzzle and mark through the Bible verse without lifting your pencil. (The words in the verse twist about the puzzle like a snake.)

The first letter of the first word is circled for you.

BUT THE VERY HAIRS OF YOUR HEAD ARE ALL NUMBERED.
