

## Collective words used in the New Testament for God's people

The Bible was not written in English. So, translations may say the same thing a bit differently. For example, "people of God" or "God's people" mean the same thing in English. "Body of Christ" or Christ's body" is a similar example. Another type of example would be "household of God" or "family of God" - these two English phrases mean the same thing. In addition, names for Jesus such as Christ or Lord are often interchanged. Descriptions may be of God's entire church or congregations.
